Re: Proposed Vehicle Impound Yard

Dear Mayor Schroeder and Sag Harbor Village Trustees,

STOP! You're about to make a huge mistake. There is still time to change course!

There is only one Long Pond Greenbelt and it is a globally rare nature preserve.

LISTEN! Hundreds of your Sag Harbor residents have spoken out against this project along with many hundreds more who love the Greenbelt.

TALK! The Nature Conservancy and The Group for the East End as well as representatives from Southampton Town and Suffolk County have offered "to sit down to find a more suitable location for this project and to brainstorm ways in which the subject parcel can be formally recognized as a nature preserve and added to the Long Pond Greenbelt."

It is better to rethink then to push ahead with a bad idea.

Sincerely,

Dai Dayton
President
